FINDING YOUR BEST PLACES: USING ASTROCARTOGRAPHY TO NAVIGATE YOUR LIFE (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.Finding Your Best Places: Using Astrocartography to Navigate Your Life is Dan Furst's long-awaited first ebook on today's hottest astrology topic, the exciting new art and science of Astrocartography. This word simply means that we take the same information an astrologer uses to create birth charts and horoscopes - that is, a person's date, time and place of birth - and we use them to create world maps that are personal and unique, and useful in guiding us to our best destinations for jobs and money, health, family, love relationships, creative and spiritual paths, community, travel destinations, whatever matters most to us. Each astrocartography map has sets of colored lines that have planet symbols in triangles pointing up to the top of the map, or the bottom, or east or west. So the lines show us not only which planet energies are at work in each place, but in which direction they go: to the soul (up), the body (down), our individual goals (east) or relationships (west). The lines also form connections and crossings -- just as the planets in our birth charts have meaningful, powerful angles of relationship -- so we can easily tell which places in the world are energetically charged for us, whether for success or struggle, and which are neutral rest areas. Joint readings for couples, families and business teams are especially useful for identifying places that are most beneficial for living and working, and for finding important relationships. Astrocartographers often insist, in fact, on reading for both members of a committed couple, in order to highlight places that are good for them both, and avoid locations that are great for...
