Reviews

This pdf is very gripping and fascinating. We have read and that i am certain that i am going to going to read once more again in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Burnice Cronin)

Editorial Arco Libros, 2000. soft. Book Condition: New. El libro **Comentario de textos: los mecanismos referenciales** de Maria Josep Cuenca ofrece una descripción de los mecanismos de referencia a través de seis comentarios: tres de textos literarios (fragmentos de *El Tragaluz* de Buero Vallejo, de un cuento de *Mujeres de ojos grandes* de Ángeles Mastreta y el inicio de *Crónica de una muerte anunciada* de García Márquez) y tres de textos periodísticos (dos secuencias de un texto descriptivo-narrativo, "La aventura es la aventura", y una crónica taurina, "Parque Jurásico"). Tras una introducción a los conceptos de texto, propiedades del texto y cohesión, se tratan los mecanismos gramaticales de referencia (deixis, anáfora y catáfora, elipsis) en los tres primeros comentarios, para continuar desarrollando el funcionamiento discursivo de los mecanismos léxicos de referencia o cohesión léxica (repetición, reiteración y asociación). El objetivo del libro es identificar el funcionamiento de los mecanismos cohesivos de referencia y los elementos que los manifiestan, y relacionar dichas marcas formales con los aspectos de contenido (coherencia) y de construcción textual en general (adecuación).
