The one desire: to be dominated. This thought-provoking collection of four stories dares to ask - can erotic slavery be its own brand of freedom? Re-think the usual concepts of submission and domination with: An Empty Landscape Adam is saved from the coil of his mundane life when one of his friends discovers his secret notebook, and the darkest confessions of his heart written there: I crave loss of identity, obliteration of will. I want to become truly determined by a Master s commands. Slavery is freedom. I m a Masochist A young workaholic finds his life drastically changed after an encounter with a domineering man. Suddenly he is more confident and attractive, as if his old life was just an illusion. But just as he begins to find love, he realizes there are forces stronger than his passion: his master, and his own craving for domination. La Belle Dame Sans Merci A complex web of desire spins around three men and two women, as a domineering force proves more powerful than their loyalties and sexual orientations. The Face Beneath the Mask A devoted submissive is at a crossroads when his master casts him out: I want a partner, not a slave. Your absolute submission is a burden. You are using me, and I want it to stop. Is Sam Bernstein the new man for the job? \*For mature audiences only.
