Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from **Salisbury s Curvilinear System: Illustrated by Twelve Plates of Finely Engraved Diagrams and Figures, for Instruction in the Art and Science of Cutting Coats and Vests, Combining Actual Measures With Divisions of the Breast Measure** The volume which is introduced by these lines is intended to diffuse a new discovery in as finely illustrated fashion as the subject will permit, or the author can present it. That a new departure and radical changes are disseminated in the professional art of Cutting, need not be argued at this time, for the work will bear the scrutinizing eye of the candid artist, who will find unfolded to his untiring vision, the most scientific problem ever developed in the annals of Tailoring Besides the wonderful invention of the one measure, the Curvilinear, with its accomplishing results, there is to be found the grand combination of the two great principles underlying the whole ground plan of Garment Cutting, which are actual measurement, and the correct division of the draft in harmony with all the corresponding divisions of the human form. The work is original in all the general details introduced both in the description given, and in the accompanying Twelve Plates of Illustrations. The author further claims that in this work he has brought out and developed in a condensed form. All the essential measures, and details for producing the bases of all drafts necessary for the true development of the many styles or changes that is needed to make a thorough and complete standard system of authority on general principles. The author advises those who contemplate the study and practice of these new principles, to follow out the...
