## Karl Imhoff s Handbook of Urban Drainage and Wastewater Disposal (Hardback)

By Vladimir Novotny, K. Imhoff, M. Olthof

John Wiley and Sons Ltd, United States, 1989. Hardback. Book Condition: New. 4th. 243 x 164 mm. Language: English . Brand New Book. The fundamentals of urban drainage and wastewater disposal are presented in this handbook and this new edition has been reworked to reflect new US technology, practices, and conditions. Chapters cover calculation of drainage systems; urban stormwater and combined sewer overflow management; general considerations of wastewater treatment; design and planning of treatment plants; industrial wastewater treatment and pretreatment; protection of receiving waters: discharge of wastewater into surface waters and self-purification of surface waters; conversion of SI units to English customary units; and information retrieval. An appendix of monographs for dimensioning of sewers is included.
